

SHIVAM SRIVASTAVA

Full Stack Engineer / Backend-Focused Developer / Data Analyst

Ghaziabad, Uttar Pradesh / +91 9170845849 / shivamsrivastava0122@gmail.com

[linkedin.com/in/shivam-srivastava0022](https://www.linkedin.com/in/shivam-srivastava0022) | github.com/shivam-sri-ng

PROFESSIONAL SUMMARY

Full Stack and Backend Developer with hands-on industry experience delivering production web applications using Python, Django, Node.js, Express.js, and React.js, complemented by data analysis and machine learning skills using NumPy, Pandas, and Matplotlib. Skilled in REST API design, JWT authentication, CRUD operations, and database design across MongoDB, MySQL, and SQLite, with experience building data-driven features such as retrieval-augmented search and analytics pipelines. Proficient in JavaScript, TypeScript, WebSockets, API integration, and microservices architecture, with end-to-end deployment on Render and Vercel using Git and GitHub. Strong problem-solving foundation spanning software engineering, data analytics, and scalable application development.

TECHNICAL SKILLS

Languages: Python, JavaScript, TypeScript, Java, C, SQL

Data Science & Analytics: NumPy, Pandas, Matplotlib, Machine Learning, LLMs, Statistical Analysis, Data Cleaning, Exploratory Data Analysis, Data Visualization

Frontend: React.js, HTML5, CSS3, Bootstrap, JavaScript ES6+, Responsive Design

Backend: Python, Django, Node.js, Express.js, REST APIs, JWT Authentication, HTTP Methods, API Integration

Databases: MongoDB, MySQL, SQLite, CRUD, Schema Design, SQL Queries, Database Optimization

Tools: Git, GitHub, VS Code, Render, Vercel, Google Workspace, MS Office

Core Concepts: OOP, DSA, REST Architecture, Authentication, Authorization, Middleware, Microservices, Problem Solving

PROFESSIONAL EXPERIENCE

Part-Time Web Developer – SoftEdge Solution

January 2025 - Present

- Developed and delivered 5+ production websites for live clients, including **bhavaglobal.com** and **theyogaguru.online**.
- Built responsive, cross-browser frontends in React.js and JavaScript ES6+, improving mobile usability and page load times.
- Engineered secure REST APIs in Django, Node.js, and Express.js using JWT authentication, authorization, and middleware.
- Designed MySQL and MongoDB schemas with full CRUD operations and optimized SQL queries, cutting API response time by 30%.
- Analyzed application and query performance data with Pandas to identify bottlenecks and guide optimizations.
- Resolved 40+ production bugs as a support developer across concurrent client projects, improving application stability.
- Deployed applications on Render and Vercel using Git and GitHub, collaborating with senior developers on code reviews.

PROJECTS

RAG-Based AI Teaching Assistant / React.js, Express.js, Gemini API, TF-IDF, SQLite, Pandas

- Developed a retrieval-augmented assistant using TF-IDF semantic search over a SQLite knowledge base for contextual answers.
- Used Pandas to preprocess and structure the knowledge base, improving retrieval relevance for downstream queries.
- Integrated Gemini API via REST APIs with response caching, cutting repeat query latency by 60%; deployed on Vercel.

AC Repairing Management System / React, Express.js, MySQL, MongoDB, ORM, JWT

- Built a service platform with JWT authentication and role-based authorization for admin, technician, and customer workflows.
- Implemented ORM-driven CRUD REST APIs across MySQL and MongoDB, automating booking and technician assignment.

Travel Safely Portal / React.js, Express.js, WebSocket, REST APIs, MongoDB

- Engineered real-time trip tracking with WebSockets and REST APIs, delivering live location updates at sub-second latency.
- Optimized the backend through database indexing and query tuning, improving CRUD throughput by 40% on the deployed build.

EDUCATION

B.Tech, Information Technology, AKGEC, Ghaziabad	CGPA: 7.2
Diploma, Information Technology, Hewett Polytechnic College	73%
Intermediate, Government City Inter Colleg	73%
High School, Adarsh Inter College	80%

CERTIFICATIONS

Python with Django – Mecatredz Technology Pvt Ltd, 2023
